Subject: Protect Portland's industrial jobs

I'm writing because I want to make sure you know that we want a clean river.

I support a river cleanup but I'm worried that the plan will be so inflexible and expensive that it will drive out small businesses. There are so many important jobs in Portland that are tied to the Willamette River, I'm concerned that an inflexible plan will also be detrimental to the economy.

Thank you for considering my concerns. I hope you will agree that we need to do all we can to support Portland's environment and economy.

Sincerely,
